

# WHIZard Academy for Mathematics & English®

## Study Skills Program

- Does your student fail to turn in assignments on time?
- Does your student need advice in how to prepare for a test?
- Could your student benefit from a plan to get him/her organized?
- Could your student benefit from better class preparation?

If you answered yes to any of these questions your student will benefit from our **Study Skills Program**. In just six one hour sessions we will arm your student with tips and strategies to get organized and prepared for superior academic achievement. Your student will learn effective time management and planning skills. Your student will realize how to improve their grades by following time tested organizational tips. Most importantly your student will be **motivated** to apply what they learn in this class to achieve lifelong success through proactive thinking.

The **Study Skills Program** is a six hour program taught one-on-one by an experienced tutor in student organization and motivation. Your student will get personal attention and recommendations that will result in immediate benefits.

**All of these benefits are yours for only \$285.**
